2027 Organization Membership Form

Membership is open to providers of shelter, housing, and human services that commit to our mission: to mobilize our community to challenge systematic causes of homelessness and advocate for housing justice.

Organizational membership offers these opportunities and activities:

- **Staff learning and professional development** Through our monthly General Membership meetings and regular trainings on public benefits, we help new and experienced staff learn, connect, and develop skills to better navigate, advocate, and stay current on a wide range of topics. Recent topics have included support for homeless students, voting rights for people without traditional addresses, state and federal food benefits, and changes to Medicaid under H.R.1.
- **System improvements and investments** Regular meetings of Senior Leaders and the Policy and Advocacy Workgroup bring together our membership to discuss and address sector-specific challenges, priorities, and determine solutions at the local, county, state, and federal levels.
- **Vote on the Board of Directors slate** Only organizational members have the ability to vote on the Coalition's slate of candidates for the board of directors each spring.
- **Special events and activities like Project Cool** Our backpacks, books, and school supplies program to support homeless families with school-aged children is only available to dues-paying Coalition member organizations. In 2026 we served 1,844 students who were being served by member agencies.

We consider your organization's active participation in meetings, special projects, campaigns, and activities to be as important as your membership contributions. We invite you to consider where your staff and program participants might want to connect with our work and recommend at least one staff person to attend monthly membership meetings so they may facilitate timely information-sharing and get the most out of your Coalition membership!

Members of the Coalition on Homelessness inform our work to advocate for housing justice.
